

NAN TAIYM

SOFTWARE ENGINEER

630-788-7202 | Chicago, IL | ntaiyms@gmail.com

PROFESSIONAL SUMMARY

I am a rising senior at Western Governors University pursuing a Bachelor's degree in Software Engineering. I am passionate about and driven by technology, and I am excited to continue growing as a software engineer. I have gained hands-on experience through my classwork, software engineering internships, and professional IT roles, where I have worked on multiple applications and projects, including full-stack development, databases, and cloud technologies.

EDUCATION

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING

Western Governors University | October 2026

Selected Coursework:

Data Management – Foundations (D426); Data Management – Applications (D427); Advanced Data Management (D326); JavaScript Programming (D280); Introduction to Programming in Python (D335); Front-End Web Development (D277); Web Development Foundations (D276); User Experience Design (D479); User Interface Design (D279); Version Control (D197); Hardware and Operating Systems Essentials (D386); Introduction to IT (D322); Introduction to Systems Thinking (D372); Technical Communication (D339).

Organizations: Break Through Tech Chicago; Women in Computer Science; Women in Science and Engineering.

Certifications: ITIL Foundation in IT Service Management; CompTIA IT Fundamentals; Computer Technician with High Honors; Computer Associate with High Honors.

CORE TECHNICAL SKILLS

- Languages: C, C++, Java, Python, JavaScript, HTML, CSS
- Web / Application Development: Angular, Vue, Front-End Development, Full-Stack Development
- APIs / DevOps: API Dependencies, CI/CD Pipelines, Front-End Logging
- Tools: Jira, ServiceNow, New Relic, Docker
- Data / Analytics: MySQL, Power BI, Jupyter Notebook, Data Management
- Cloud: AWS S3, CloudBase, DynamoDB, Lambda, API Gateway

PROFESSIONAL EXPERIENCE

OCT 2025 – PRESENT

MANAGER, FRONT END DEVELOPER

PURE DENTAL SPA

- Built and maintained websites with a focus on functionality, responsiveness, and user-friendly design.
- Oversee daily office operations, staff scheduling, patient relations, and billing processes to support efficient workflows.

NOV 2024 – AUG 2025

SOFTWARE ENGINEERING INTERN

MORNINGSTAR INC

- Updated API dependencies to newer versions and deployed changes through a CI/CD Pipeline.
- Created a full-stack Vue application that asks questions, calculates investor bias from user responses, and provides resources to address identified bias.

DEC 2024 – OCT 2025

IT SPECIALIST

DENTOLOGIE

- Maintained and troubleshoot dental software applications supporting access to treatment plans and billing information.
- Verified insurance benefits, submitted pre-authorizations, provided cost estimates, and explained treatment procedures and financial options.

AUG 2022 – NOV 2024

SOFTWARE ENGINEERING INTERN

MORNINGSTAR INC

- Built front-end components for Financial Analysts to propose pillar scores and/or ratings at the strategy or share class level for peer review and approval.
- Built an interactive full-stack application using Jupyter Notebook source code to make data more accessible for Analytics Lab.

MAY 2022 – AUG 2022

SOFTWARE ENGINEERING INTERN

MORNINGSTAR INC

- Updated API dependencies and deployed them through a CI/CD Pipeline.
- Created a full-stack Vue application focused on investor bias through questions, calculated results, and supporting resources.
